

# Compatibilità browser per DocWay4

Per funzionare correttamente, DocWay4 richiede l'utilizzo di un browser lato client che supporti gli standard più moderni. Nella tabella di seguito è presente un riepilogo dei sistemi operativi e dei browser sui quali DocWay4 può funzionare in maniera ottimale:

|                             | Windows XP            | Windows Vista         | Windows 7                          | Windows 8            | Windows 10           | Linux                | MacOs                |

## Compatibilità browser per il plugin IWX

Il plugin IWX presenta dei requisiti di funzionamento più stringenti rispetto a DocWay4, riepilogati nella seguente tabella.
